

I'm sending in this complaint because Sinclair Broadcasting is using its media ownership power to push a narrow political point of view just before the election. Sinclair uses my public airwaves free of charge and is obligated to serve the public interest. But clearly they have a different agenda in mind and are planning to run an anti-Kerry documentary.

Our democracy won't survive if corporations like Sinclair can do this without any requirements for refutation or other broadcasts to balance or correct this propaganda.

Please refuse to renew Sinclair's license when it comes up for renewal.

Thank you.
